

HANDCRAFTED SINCE 1925

# ST AGNES

DISTILLERY AND BARREL HALLS

## PERPETUAL FINE BRANDY

### TASTING NOTES

Australia's only double distilled, pot still brandy. The consistency and quality of St Agnes Perpetual is assured through an extensive vatting and blending system that dates back pre-1945. Due to our time honoured system, where barrels of younger brandy are topped with older parcels, each blend contains small amounts of brandy that are over 50 years old. After each blend is masterfully put together 75% is bottled and the remaining 25% is returned to barrel ready for the next blend to be assembled by our Master Distiller. This process ensures every bottle of St Agnes Perpetual carries the hallmark quality cues of Australia's most highly awarded brandy.

Handcrafted since 1925.
